

HIGH DOESN'T GET HIRED.

some fast facts on the effects of drug use in the workplace

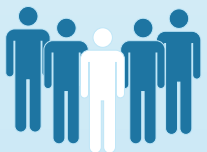

drug testing

In the 2018 Muskegon County Business Survey, employers stated that, of the job applicants testing positive, they were more likely to test positive for Marijuana, compared to other drugs.

compensation

Employees can make more (\$20+ per hour) if they can pass a drug test vs. minimum wage for jobs that do not test their employees.

employment pool

4 out of 5 people caught testing positive on a drug test are fired. Even with a medical marijuana card, employees can still be fired for testing positive.

What you might do if you come to work high:

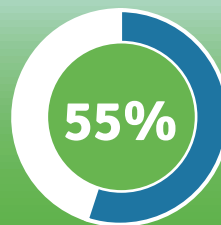

- Seem anxious
- Appear paranoid
- Exhibit inability to concentrate
- Hallucinate
- Display poor judgement
- Not remember what was asked or what you were saying
- Fail a drug test

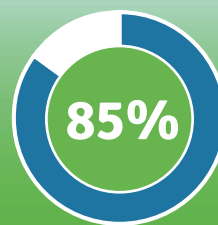

want to get hired? don't get high.

The National Institute on Drug Abuse has cited several studies linking employee marijuana use with “increased absences, tardiness, accidents, workers’ compensation claims, and job turnover.

Employees who test positive have:

more industrial accidents

more injuries

higher absenteeism rates
